*Cannabis News:*

\*\*\*\*\*

**For the first time in its history, the DEA** has lowered its criteria for a cannabis product. It has rescheduled CBD from a Schedule 1 drug to a Schedule 5 substance, (over the counter status) for some of the CBD products. This is really big news! We are glad to see that CBD is finally getting some recognition and acceptance. -> **Read Full Story**

## **Bay Area cannabis researchers claim breakthrough against chronic diseases**

"THCV is analgesic, anti-inflammatory, neuroprotective, anti-nausea and vomiting. It promotes bone health, helps with sleep, is anti-epileptic, anti-anxiety, anti-psychotic. It helps with appetite suppression, it's anti-diabetic and it's anti-cholesterol." Other than that, it doesn't do much, Moskowitz joked.

THCV is available from Synergy Wellness: [Item #107](#) containing 3.1 mg/ml THCV; 8.44 mg/ml THC in an alcohol base.

## *Synergy Salve*

One of our most highly prized products, originally developed as a topical relief balm for arthritis, it has been used effectively in the treatment of minor cuts, abrasions, injuries, joint and muscle pain and skin cancer.

Our 1:1 ratio of CBD:THC combines balanced proportions of CBD, one of the best anti-inflammatory remedies available, with THC, a

potent analgesic, making this salve an excellent choice for painful, inflamed joints and muscle aches, penetrating up to one and a half inches below the skin. Applying deep heat with the salve increases absorption, which COULD also potentiate its psychotropic properties.

500 mg of full spectrum cannabinoids and terpenes in each ounce makes our Synergy Salve one of the most effective topical remedies on the market.

To increase the potent, healing relief of CBD and THC, we add high grade, organic essential oils to enhance our salve's effectiveness which also adds an uplifting aroma. Essential oils comprise the "life blood" of the plant, imparting many regenerative properties to those applying them.

**Lavender**, means 'clean/wash', considered the "Swiss army knife" of essential oils by renowned aromatherapist John Steele. Lavender is analgesic, anti inflammatory, anti spasmodic and smells wonderful.

**Rose Geranium** increases circulation to muscles and joints and has strong anti inflammatory properties.

**Lemon Eucalyptus** is anti viral, anti fungal and purifying

**Wild Ginger** (Plai) is a "cooling ginger", acting to remove heat, in contrast to heating gingers. Wild Ginger is beneficial for tendons, joints, ligaments, muscle and bone tissues.

**INGREDIENTS:** Shea Butter, MCT oil, Beeswax, essential oils of Rose Geranium, Wild Ginger (Plai), Lavender, Lemon Eucalyptus, 250 mg CBD, 250 mg THC / oz.

On sale for December \$5 off each jar:  
0.5 oz \$25; 1 oz \$45; 2 oz \$90  
+ An Additional 10% Monthly Special

*In our members own words:*

*"This stuff REALLY works better than any other cannabis salve I've tried."  
L.Y.*

*"My beloved dog developed a round, tumorous, wort like growth on her nose....After applying the 1:1 salve twice a day it first swelled up and then progressively shrunk to nothing in under two weeks. Amazing!"  
C.A.*

*"I am amazed by how effective your salve is; I use it for every ache and pain.*

Recently, I began applying it to an abnormal skin growth and it has nearly disappeared. Thank you so much!"  
K.A.
